

MICHIGAN-SHIGA HIGH SCHOOL EXCHANGE

**Michigan –Shiga, Japan
High School Exchange**
June 22 - July 8, 2011
Grades 9-11

Apply by February 8, 2011

Take advantage of the rare opportunity to forge friendships a world away! Participants in the Michigan-Shiga Exchange travel to Shiga, Japan for two weeks during the summer, where they live and attend school with a Japanese host student. After returning from Japan, participants host their exchange student for two weeks in Michigan. This once-in-a-lifetime opportunity leaves selected students with lifelong memories and cross-cultural friends.

High Achievers

June 20 - July 14, 2011

Grades 9-12

Apply by April 1, 2011

High Achievers
at
**Michigan State
University**

Looking for an early glimpse of life in college classes? Perhaps a shining achievement to separate your college application from the pack? High Achievers participants take honors-level college classes over the course of four whirlwind weeks. Taught by some of Michigan State University's most prestigious professors, these courses expose high school students to cutting-edge research technologies and advanced university resources.

China Adventure

China Adventure
Grades 10-12
Program not running in 2011

Explore a blossoming world power with thousands of years of rich history! After a week of on-campus study of Chinese language, history and contemporary culture, students depart for an unforgettable trek through China, led by MSU's Asian Studies Center and Visiting International Professionals Program. This program will not be run in 2011.

Explore Africa

Summer 2011

Grades 10-12

Apply Spring 2011

Explore Africa
at
Michigan State University

See what adventures await as you dive into the history and culture of this fascinating continent! Students spend one fun-filled week on campus interacting with professors and fellow students, preparing to embark on the adventure of a lifetime. While in Africa, students will have the chance to experience firsthand some of the most interesting elements of their on-campus study.

CHAMP

Cooperative Highly Accelerated Math Program

Cooperative Highly Accelerated Math Program (CHAMP)

August 2011 – May 2012

Grades 7-10

Apply by May 1, 2011

Highly academic mathematics students have the opportunity to get a jump on the competition through the CHAMP Program! With weekly classes held on MSU's campus, CHAMP is an academic year-long program designed to teach students the required four-year high school mathematics curriculum in just two years. First year students will study Algebra I & II, while second year students study Geometry and Pre-Calculus.

Intensive Study in Humanities, Arts, Language and Literature (ISHALL)

August 2011 – May 2012

Grades 7-10

Apply by May 1, 2011

Finally a program designed just for those students who love to read! Similar to the popular CHAMP program, the ISHALL program covers four years of high school English curriculum in just two academic years. In a small classroom environment intended to foster discussion but allow for individualized attention, students will study texts and media from a variety of genres and historical movements.

ISHALL

INTENSIVE STUDY IN THE HUMANITIES, ARTS, LANGUAGE, AND LITERATURE

CSI Youth Forensic Science Program

June 19-25, 2011

Grades 7-9

Apply by April 2, 2011

Think you have what it takes to crack the case? The CSI Youth Forensic Science program is a weeklong day camp or residential program that allows students the chance to live the life of a crime scene investigator. In addition to learning the tools and techniques of Forensic Science, students will analyze mock crime scenes and present their findings at a mock trial in front of a real prosecuting attorney and judge!

Mathematics, Science, Technology (MST)

July 17-30, 2011

Grades 7-9

Apply by May 1, 2011

Nuclear Astrophysics, Physiology, and Soccer, oh my! These are just a few of the fantastic class offerings available to students who participate in MST @ MSU, a two week long residential program on MSU's campus. The camp mixes fun with academics, giving students the chance to push themselves academically during the summer, while making lifelong friends with students who love learning as much as they do.
